Dubai

Meticulous web developer with 3+ year of front-end experience building and maintaining responsive and pixel perfect websites, web apps and mobile apps in the recruiting industry. During studying software engineering I found myself specializing in frontend web development and I started my career as a front-end web developer. I strive to put my skills to the test in the professional world and learn new skills every day. Well-versed in Scrum, Agile, how to meet deadlines, and how to document the solutions.
